Reviews

Very helpful for all type of individuals. It is amongst the most incredible ebook i have got study. I am just very easily could get a satisfaction of reading a composed publication.

(Mikayla Romaguera)

TRAFFIC SAFETY AND THE DRIVER

Science Serving Society. Paperback. Book Condition: New. Paperback. 424 pages. Dimensions: 9.0in. x 6.0in. x 1.0in. This is the classic 1991 text *Traffic Safety and the Driver*, a book that has been described as the bible of traffic safety research. The principles and concepts described in it are as valid as when written. The authors later book *Traffic Safety* (2004) <http://www.scienceservingsociety.com/traffic-safety.htm> revisits many of the same themes, and adds much content not covered here. On the other hand there is much in this book not covered in the later one, such as the celebrated comment on p. 378: In the era before the birth of experimental science, Greek philosophers thought that nature could be understood by pure thought alone, without the need for data. Nowadays there seem to be people who think that it can be understood with data alone, without the need for thought. Quotes from some of the 28 reviews: It is an easy book to read, the terminology is clear and concise, it is well thought out and written, and in parts comes into the difficult to put down category. BRITISH MEDICAL JOURNAL It is an important text for professionals and individuals interested in the problem of injury resulting from vehicular crashes. JAMA (JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION) It is a rare pleasure for a reviewer to be able to recommend a book wholeheartedly and unequivocally -- a book that is a delight to read. The joys of the book are both scientific and literary. This is a book for everyone interested in making roads safer. JOURNAL OF TRAFFIC MEDICINE It is rare for a book to land on the Care on the Road desk for review and stay there as an invaluable part of the information library. CARE ON THE ROAD (ROYAL...
