Excerpt: . lie beyond the reach of written tests, and the sacrifice of this best training is a serious evil. The written examination not only fails to test all moral and esthetic results--vital results in school training--but it fairly tests only one of the three intellectual ends of teaching, knowledge, often verbal knowledge. It can adequately test neither mental power nor skill, since these are chiefly tested by action or doing, and hence it specially fails to be an adequate-test of results in the school arts, as reading, language, music, etc. Do what we will, says Mr. Quick, of England, the faculty chiefly exercised in preparing for ordinary examinations is the carrying memory. So the acquisition of knowledge--mere memory or examination knowledge--has again come to be regarded as the one thing needful in education, and there is great danger of everything else being neglected for...

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
