Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

SALBY DAMNED (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.A small rural town in a ruthless fight between The Shale Gas Fracking Corporation and the Residents Association, which sees the multi-billion pound energy company drilling beneath the town with catastrophic results. A freelance reporter teams up with a mysterious council leader, in a fight to save humanity against one of science s most fearsome and deadly creations. They must race to find a cure whilst battling against hordes of flesh eating zombies, intent on one thing and one thing only.KILLING! A gripping tale of intrigue, thriller and suspense combined with bribery, corruption and money beyond imagination, culminating in a twist to an end you won t see coming. For anyone loving zombie horror stories, but who needs a little bit more of a story than just how many ways to kill the undead, this is for you, the plots, twists, romances and storyline will keep you reading to find out what happens next as well as giving your mind a good work out, culminating in a final chapter that will leave you wanting more. There are graphic scenes of violence included in this book and some mildly explicit love scenes, though mostly by implication rather than description so suitable for ages 12yrs and upwards. This book should take you from your surroundings and place you behind the rifle scope, or in the meeting rooms or even flying high over the country in a helicopter.I hope, as the author, that it does just that.
