Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from **Lectures on Natural Theology, or Nature and the Bible From the Same Author: Delivered Before the Lowell Institute, Boston** The following lectures are the natural outgrowth of professional study and instruction in College. Portions of them have already appeared in Reviews and in my published addresses. In fact, several of them are but the unfolding of the fourth lecture on **The Relations of Natural History**, delivered at the Smithsonian Institution in 1859. When I received the invitation to lecture before the Lowell Institute, the press of other duties left no time to do more than to arrange the materials already on hand. In the text, I have endeavored to indicate the authors from whom special aid was derived. All who have studied any subject for years, without thought of publication, know how difficult a task it is to tell all the sources of their knowledge.
